

## Attachment for SVE Truck

SVE Truck Attachments - Svetruck initiated business in 1977 with a clear vision of what particular type of company they wanted to be and what particular kind of merchandise they wished to create. They designed a durable, service-friendly and reliable forklift. Svetruck specializes in making forklifts which enable the operator to be able to function effectively within challenging surroundings. Svetruck believes that being capable of performing safe and successful material handling in the best possible way helps to be able to add to a constructive working atmosphere.

Home to their manufacturing facility in Ljungby, they make machinery like for instance log-stackers, container handlers in addition to forklifts. To this date Svetruck is proudly supplying forklifts and other forklifts to all their global customers.

Focused on the future, Svetruck is still completely devoted to safeguarding their outstanding reputation of makers of durable and reliable forklifts. Their basic method to high quality, solid experience and over thirty years of expertise in the subject, means they can offer people brilliant solutions for all their material handling needs.
