

TCM Forklift Attachment

TCM Forklift Attachments - In the global trade of material handling, forklifts play a major part for transporting industrial goods. First innovated as industrial vehicles during the 1930s in the United States, lift trucks gained popularity following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread internationally.

In the year 1949, started by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Currently the business is simply referred to as TCM Corporation. Through the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the industry. TCM began constructing forklift manufacturing sites outside of Japan in the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures numerous models of industrial lift trucks with over 50 years of accumulated technology and expertise, making their products recognized and used all around the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading company.
