

Forklift Electrical Part

Forklift Electrical Parts - Forklifts as well as other forklifts can have specific labels utilized in some hazardous locations. The mark indicates that this particular model of forklift meets the minimum standards of ANSI/UL 553 meant for electric lift trucks or ANSI/UL 558 for internal combustion engine lift trucks.

Applications for marked trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Check with your local insurance provider and Fire Marshall for more info concerning the approved uses of industrial powered forklifts in your application.

If the forklift has been proven to meet the outlined standards, the following labels can be attached. A labeled truck would have the type designation placed on the forklift nameplate and would have one of the following labels attached.
